

The MI Series

Three incomparable lights with limitless lighting possibilities.

Our MI Series offers a selection of three different-sized lights. Choose the best one to fit your operating, procedure or exam rooms.

MI-1000 - Adding unsurpassed brilliance in the OR.

Ideal within the surgical environment, the MI-1000 offers unsurpassed longevity and flexibility in a package that's incredibly affordable. The large diameter LED array provides excellent shadow control - even with just a single light head. Pressing the center button on the sterilizable handle allows 5-stage dimming plus ambient light mode (for minimally-invasive procedures) for easy management of brightness within the illumination field.

- 100,000 lux at 1 meter • 4,300° K pure white • CRI 97
